MANUFACTURING MANAGER

COME AND JOIN OUR GROWING COMPANY!

Integra-Cast, Inc., a manufacturer of precision cast/machined components for the aerospace, medical and commercial industries seeks a Manufacturing Manager. Integra-Cast has made significant improvements in the last few years training employees and applying lean principles, and is committed to continue its lean journey. This position reports directly to the President and has the responsibility of on-time and quality production. The successful candidate will possess a minimum of 10 years experience in manufacturing, and a minimum of 5 years experience in management and problem solving, including the use and implementation of lean and six sigma best practices. This position manages the foundry and machining functions and is responsible for the overall direction, coordination and evaluation of staff. Integra-Cast offers excellent benefits. To apply for this exciting position, please send resume to: Lori@Integracast.com
