

# Quality Assurance Manager

## George Schmitt & Co., Inc.

Location :

Guilford ,CT 06437 New Haven CT

**Description** George Schmitt & Company was founded in 1874 as a stone lithography company and won national recognition at the 1892 Chicago World's Fair. Today, George Schmitt is a fifth generation, privately held business offering flexographic, rotogravure, and rotary letterpress printing, finishing and converting services. In addition, we operate two pre-press divisions. Acitronics offers rotogravure cylinder engraving, and Image Processing provides a full range of electronic pre-press services.

We are searching for a Quality Manager whose responsibilities at the printing and converting facility will include plant inspections and audits, testing, capability studies, calibrations, generation and maintenance of Quality procedures and other departmental tasks.

A main focus of this position is to improve processes and eliminate problems at their source. The Quality Manager will work closely with manufacturing personnel as well as the manufacturing floor to ensure quality objectives are understood and met. This is a hands on position and requires the ability to multi-task.

Competitive compensation and benefit package. Equal Opportunity Employer – F/M – V/D.

### **Requirements**

3-5 years quality experience in a manufacturing facility;  
Auditing experience; Ability to manage others; BA or BS preferred; Personal computer skills; Excellent visual acuity and color discrimination; Ability to lift 20 pounds.
